New BPCRS batches released following the January 2022 Update

Cat no.	Description	Batch Number
510	Potassium trichloroammineplatinate	4396
555	2-Trifluoromethylthioxanthone	4291
630	Meloxicam impurity standard	4483
784	Cefadroxil	3870
788	Ergocalciferol	4439
920	Methyl 3, 5-diamino-6-chloropyrazine-2-carboxylate	3360

Out of stock BPCRS

Estimated availability dates for out of stock items

Cat no.	Description	Expected Availability
632	Deltamethrin impurity standard	End of Feb
185	Homatropine hydrobromide	End of Feb
331	Thiotepa	End of Feb
691	Dimpylate for chromatography	End of Feb
711	Carboplatin	End of Mar
196	5-[1-hydroxy-2-(1-methyl-3-phenylpropylamino)ethyl] salicylic acid hydrochloride	End of Mar
548	Naloxone hydrochloride	End of Mar
284	Phenylephrine hydrochloride	End of Apr
968	Benserazide impurity A	End of Apr
440	Bucizine hydrochloride impurity standard	End of Apr

British Pharmacopoeia Reference Standards Status

11th February 2022

Out of stock items we are unable to provide dates for.

*In some cases we may require materials to establish this BPCRS - If you are able to supply, please contact us at BPCOM@mhra.gov.uk

Cat no.	Description
63	Cefradine
470	7-Chloro-1-5-Dihydro-5-Phenyl-1,5-Benzodiazepine-2,4 (3h)-Dione
500	Captopril Disulfide
656	Famotidine Degradation Impurity 2
